- A non-refundable 10% deposit of £305 is required to secure an autism assessment date for each appointment booked.
- A non-refundable deposit of £100 is required to begin the ADHD assessment process.
- We currently do not charge for providing private prescriptions, but you will need to pay your pharmacist for the medication.

- Medical reports are written by the clinician following appointments and are included in the appointment fees.

- Any formal neurological diagnosis (eg ASD/ADHD) given in medical reports is expressed as the “impression” of very experienced clinical professionals at Healthcare4kids Services Ltd with extensive knowledge and expertise, made after an intensive assessment. Any formal diagnosis(es) from Healthcare4kids Services Ltd will stand in the courts of law.

Following your appointment, you may need certain tests (such as blood tests or imaging, for example an X-ray, MRI, or CT scan) to help diagnose your condition. These tests are not undertaken at Healthcare4kids Services Ltd and will need to be undertaken by your GP or private hospital. The fees for those tests will be determined by the clinic or hospital and they will charge you, or your private medical insurer, separately. Healthcare4Kids Services Ltd are not responsible for tests undertaken or charged by third parties.

Payment Terms

Autism assessments are required to be paid in full no later than 4 weeks prior to the appointment date. All other fees must be paid within 14 days from the date of the invoice. We accept BACs, cheque, cash and credit/debit cards for most payments but please note, we are unable to accept credit/debit card payments for Autism assessments. We are unable to accept American Express.

We are no longer able to accept payments from medical insurance companies and can only accept patients on a self-funded basis. There has been an increase of refusal from medical insurance companies to cover certain assessments, appointments and follow up/repeat appointments. If you wish to use medical insurance, we can arrange for a receipt following full payment to be sent to you for you to claim back from your insurer. If you are using medical insurance to claim back fees, you are responsible to check with your insurer that your policy covers the claim, and you are responsible for paying the fee in full to Healthcare4kids Services Ltd within the specified time frame.

We offer instalment plans for those who would like to spread the cost. Autism assessments are required to be paid in full no later than 4 weeks prior to the appointment date, even with an instalment plan. There are no additional fees for this service. Monthly amounts are agreed between you and Healthcare4kids.

Should you fail to pay your invoice within the permitted timescale, we will be left with no option but to engage an agent to recover this debt. If we are to engage an agent, you will become liable for an additional charge which will be calculated as a minimum of 25% of the outstanding debt.

Patients who have outstanding accounts will have their future appointments cancelled and will be discharged from Healthcare4kids' care.
